

ROYAL COLLEGE OF
PHYSICIANS OF IRELAND

BENEFITS AND SERVICES PACK
FOR FELLOWS

Fellows form the nucleus of the College, which is dedicated to the development and maintenance of high professional standards in specialist medical practice.

Becoming a Fellow of the College provides an opportunity to contribute to these continuing aspirations through leadership, support and advocacy roles within the College. At a time when doctors are facing change in almost every aspect of their working lives – training, clinical practice and competence assurance – the College has a vital part to play in supporting Fellows through these changes as well as influencing the future direction of the profession.

Fellowship of the College – an international standard of professional excellence – allows the Fellow to play a full part in the governance and future direction of the College and also provides lifelong benefits and services.

BENEFITS AND SERVICES PACK FOR FELLOWS

Fellowship entitles you to a range of benefits and services including:

- Recording and monitoring of CME
