RCPI Policy on CME Credits for Medical Related Advanced Degrees and Online Courses

Credits will be awarded in the external category equivalent to the number of hours spent attending lectures and or completing assignments. Credits will be awarded to medical candidates that complete course and provide evidence of awarding Certificate/Diploma etc.

These credits should fulfil the external requirement for a maximum of 2 years of a 5 year cycle, such that other activities in this category are undertaken.

Other learning time on these courses can be entered in the personal learning category.
