Part III: Geriatrics  
Session

# Part III: Geriatrics Session

## Programme

Keeping up to date on evolving medical practice outside your own subspecialty area is challenging. To facilitate your continuing medical education needs the College continues with this Masterclass Series which focuses on optimum early management and what should be done in the crucial first 24 hours. Recent advances in management of common medical conditions that frequently require hospital admission will be highlighted. Early intervention that may prevent hospital admission or facilitate appropriate discharge will be also be addressed. The programme for the Geriatrics Session is as follows:
