

# Specialty Specific Standards

## *Histopathology*

2020

# Introduction

All Royal College of Physicians of Ireland (RCPI) training sites that specialise in Histopathology will be required to achieve and maintain the accreditation standards detailed in this document. The Accreditation Office manages the process of inspecting and accrediting training sites.

## General Information

Training Site			
Address			
Telephone			
Head of department

<b>1. SUPERVISION</b>	
<b>1.1</b>	There must be a FTE consultant Histopathologist to supervise trainees and provide training in and supervision of Histopathology procedures.
<b>1.2</b>	A trainer will be assigned and available to trainees for clinical activities and meet with the trainees for informal teaching.
<b>1.3</b>	Meetings between the trainer and trainee must occur on a minimum 3-monthly basis. Monthly meetings are strongly recommended.
<b>1.4</b>	Trainers are supported by the training site and RCPI to be given the time and resources to meet their supervision requirements.
<b>2. CASE LOAD</b>	
<b>2.1</b>	Trainees must gain adequate experience in diagnostic procedures and surgical skills throughout their training programme. The quantity and variety of the workload available to Histopathology trainees must be sufficient to meet the <b>requirements</b> detailed in the current RCPI Histopathology curriculum.
<b>2.2</b>	It is essential that there be adequate volumes and variety in caseload for trainees in histopathology. Trainees must experience adequate and supervised consultations, as well as demonstrate the ability to work unsupervised.
<b>3. RESOURCES</b>	
<b>3.1</b>	Trainees must have access to appropriate learning resources and facilities, including up-to-date medical literature and online journal access appropriate for Histopathology specialist training.
<b>3.2</b>	Trainees must have access to the infrastructure required to support a Histopathology service.
<b>4. EDUCATIONAL ACTIVITIES</b>	
<b>4.1</b>	The training site should provide formal training including; Lectures, tutorials and grand rounds
<b>4.2</b>	Trainees should be provided with the opportunity to teach junior colleagues, undergraduates and allied health professionals
<b>4.3</b>	The site should provide opportunities for trainees to develop research interests on site or through affiliation with appropriate research institutions
