

Public Health Report form for Resubmission of PHRs that have failed

For candidates resubmitting a PHR that has failed, **Table 1 below must be completed and submitted in addition to the resubmitted PHR.** Under each of the sections outlined below in Column A, add in **every point** that needs to be addressed under each heading as detailed in the feedback form prepared by the Lead Examiner at the sitting where the PHR failed. This was sent to you by the Convenor of Part II when you received the results of the examination.

In Column B, for each point listed by the Examiner, outline clearly how you have addressed the point, and reference where in the resubmitted PHR (page, section) this has been addressed.

If the feedback and specific requests for change have been addressed comprehensively when assessed by the Examiners, then the re-submitted report will pass.

Table 1

Column A: points	Column B
Summary / background / evidence-base / literature review	
Point 1	
Point 2 etc	
Planning / methods	
Point 1	
Point 2 etc	
Results / discussion	
Conclusions / implications for public health / recommendations / appendix / appendices	
Writing and presentation	

I confirm that my resubmitted PHR is formatted and edited in compliance with requirements set out in the Part II Checklist that is available on the website [HERE](#). Please tick ☐
