OF IRELAND**

### **National Histopathology QI Programme Data Upload Schedule**

Each laboratory should extract, encrypt and upload local QI data to NQAIS-Histopathology every month. It is recommended that local data is uploaded after a lag of 6 weeks, and the upload includes **at least the previous 12 months of data**. For example: On 16<sup>th</sup> March 2026, laboratories should upload QI data from the 1<sup>st</sup> of February 2025 to January 2026.

**Below is the schedule for 2026/2027 indicating when data should be available on NQAIS-Histopathology:**

<b>Monthly Period</b>	<b>Target Date to Upload and Sign-off Data to NQAIS Histopathology (6 weeks from end of prior calendar month)</b>
January 2026 data	16 <sup>th</sup> March 2026
February 2026 data	13 <sup>th</sup> April 2026
March 2026 data	12 <sup>th</sup> May 2026
April 2026 data	11 <sup>th</sup> June 2026
May 2026 data	13 <sup>th</sup> July 2026
June 2026 data	17 <sup>th</sup> August 2026
July 2026 data	14 <sup>th</sup> September 2026
August 2026 data	12 <sup>th</sup> October 2026
September 2026 data	9 <sup>th</sup> November 2026
October 2026 data	14 <sup>th</sup> December 2026
November 2026 data	11 <sup>th</sup> January 2027
December 2026 data	8 <sup>th</sup> February 2027
