# Clinical Course & Examination Refund Scheme for NCHDs

HSE-NDTP provide a suite of educational supports for NCHDs. The HSE-NDTP Clinical Course and Exam Refund Scheme (CCERS) is one of these supports and provides funding towards an approved list clinical courses and exams. All doctors employed under NCHD Contract 2010 are eligible to apply for refunds under the CCERS.

The list of HSE approved clinical courses and examinations is provided at Appendix One.

Commencing 8<sup>th</sup> July 2019 the full cost of an approved examination/course taken on after this date is eligible to be refunded for the **first sitting of the exam**. Applicants must hold HSE NCHD contract 2010. Subsequent sittings of the same exam are ineligible for any payment under this scheme. However subsequent sittings may be claimed from the HSE Training Supports Scheme (TSS) from July 2019 onwards (See TSS Policy for further details – <https://www.hse.ie/eng/staff/leadership-education-development/met/ed/fin/training-supports-policy-july-2019.pdf>).

Courses and exams undertaken prior to 8<sup>th</sup> July 2019 are only eligible to be refunded up to a maximum of €450 per clinical course/examination (or €650 for specific eligible exams taken abroad).

Only examinations which are unavailable in Ireland are eligible for refund if undertaken abroad. Please note that such examinations are identified in Appendix One by means of an asterix.

## A. The process for this refund scheme is as follows:

1. The NCHD must make an application directly to their employer using the **Clinical Course and Examination Refund Scheme NCHD Application Form**, a copy of which is attached at Appendix Two. All necessary supporting documentation must be attached to the Application Form and provided directly to the Employer.
2. The Employer must ensure that appropriate supporting documentation is received and verified. The Employer will then reimburse the NCHD directly.
3. In order to expedite the refund to NCHDs HSE-NDTP provides funding to employers prospectively at the start of each calendar year; therefore, employers should refund NCHDs as soon as possible after the claim is received without the need to wait for funding from HSE-NDTP.
4. The Employer must submit a quarterly report to HSE-NDTP detailing all exam/course refunds made to NCHDs for the relevant three month period. The deadline for this report will be the second Friday of the month following the end of the relevant quarter. These should be emailed to [doctors@hse.ie](mailto:doctors@hse.ie) No receipts, result slips or other documents should be sent to HSE-NDTP.

**B. Please note the following rules in relation to the Clinical Course & Examination Refund Scheme:**

- The HSE Clinical Course and Examination Refund Scheme is available to all holders of the HSE NCHD Contract 2010;
- The clinical course / examination applied for must be on the HSE approved list as set out in Appendix One. If the clinical course or examination is not specifically identified on the HSE's approved list then it is ineligible for refund under this Scheme and no exceptions will be made (however, it may be possible to claim refunds for these other exams/courses under the auspices of the Training Supports Scheme). The contribution is payable by the HSE upon **the first sitting only** of the clinical course or examination regardless of whether the applicant has successfully passed the clinical course/examination;
- NCHDs may claim for a re-certification in a clinical course after the required certification period;
- Applications for refund from NCHDs must be made to their current employer within 6 months of the date of undertaking the clinical course / examination;
- To be eligible for refund, the 14 clinical courses identified in Appendix One must be undertaken in Ireland (Republic of Ireland or Northern Ireland);
- With the exception of those examinations which have an asterisk beside them, all identified examinations must be undertaken in the Republic of Ireland, under the auspices of the relevant Irish postgraduate training body.
